

EECS 556 Homework Self Reflection

HW# _____ Date _____

Family (last) name: _____

Given (first) name: _____

(Make this the front page your HW solutions when you submit.)

1.
Based on the answers developed / presented in class, mark up your individual solutions, noting both conceptual errors and procedural mistakes. Write a couple words about each mistake on your individual solution.

2.
Summarize briefly (below) the main points about what you learned from this homework assignment.

3.
Report your overall understanding of the material on this homework (pick one)

Green: good general understanding (how do you know?)
Yellow: some barriers in understanding (what are they?)
Red: substantial barriers in understanding

If you perceive potential barriers, how can you overcome them and how can we help?
