

EECS 584: Miscellaneous!

Michael Cafarella

MIDAS

- The first MIDAS (Michigan Data Sciences) presentation is tomorrow!
 - 1255 North Quad, 11:45AM.

Final Project Proposals

- Should include:
 - **Names, title, abstract (1-3 paragraphs)**
 - **Intro** and description of technical question
 - **Proposed solution**, can be high-level
 - **Proposed experiments** to test the question
 - **Related work**, and how yours is different
 - **Logistics**, about work schedule, required hardware/software/data

Final Project Proposals

- 2-3 pages. 2 is better than 3.
- PDF format only!
- Email to me with title
“**584 FINAL PROJECT PROPOSAL**”
- Deadline: ***Oct 12, 11:59PM***

Final Project Proposals

- Evaluated like paper reactions
- I will give feedback as soon as possible
- May ask you to redo/modify idea if:
 - Schedule is too ambitious
 - Proposed ideas/expts not crisp enough
 - (Proposals not binding, but should be clear)
 - Related work discussion is insufficient

Final Project Proposals

- Talk to me about ideas, or other students/profs
- Try to mesh your project with outside interests and projects
- Matchmaking forum on CTools
