Homework 6 part 3: The Demo (20pts)

DUE DATE: Friday March 28, 7pm

For homework 6, you need to demo your Turtle Etch-A-Sketch to a TA. Homework 6 part 2 will be graded via demo meaning that all of your GUI components that have actions associated with them will be tested. You will also be asked questions about your homework and requested to code in front of the proctoring TA.

Sign up for a demo time on the coweb page: http://coweb.cc.gatech.edu/cs1316/1051.

Sign up rules
1. You and your partner(s) can only sign up for one time slot.
2. You need to sign up by 7pm on March 28th or you will not be allowed to demo. This means you will not receive credit for homework 6 part 2 and for the demo portion.
3. You do not need to sign up with your grading TA.

Demo rules
1. You only have a maximum of 30 minutes for the entire demo (HW6 part 2 demo, questions and live coding session).
2. Remember to come prepared to your demo still familiar with the code you submitted to t-square. You are only allowed to demo what you submitted to t-square and nothing else.
3. All partners must be present at the demo.
4. All partners are expected to equally contribute or points will be lost from all members of the group.
5. Failure to show up within 5 minutes of the demo time will result in a late penalty of 50% off your entire homework 6 grade. You will then have to sign up for a different time slot.
