	<p>Very good course and instructor!</p> <p>I greatly enjoyed this class. We covered a lot of PL concepts that I was unaware of previously. Even though this sort of material tends to be highly abstract, Prof. Weimer managed to keep it practical and interesting. Lectures were highly structured (and fun), and the assigned reading was very relevant (i.e. the lectures and reading complemented each other well).</p> <p>Wes was an excellent instructor - the classes were always interesting, and he was always available for a lot of help outside of class.</p> <p>Very effective. Maintained interest throughout the semester.</p>
