

EECS 583

Final Project Deliverables

University of Michigan

November 17, 2021

Announcements

❖ Exams

- » Are graded, grades posted on canvas tomorrow
- » Will post answer key soon (today or tomorrow)

❖ Final project demo slots

- » Available soon on EECS 583 calendar
- » Dec 9 - 16

Project Demos

- ❖ Each group gets 15 mins
 - » Each group member should say something
 - » Timing will be strict due to back-to-back scheduling
 - » Will occur Dec 9-16
 - » Signup slots available soon
 - ❖ Recommended format: Combo of slides and some demonstration of your project
 - » Problem that you attacked
 - » What you built
 - » How it works
 - » Results
 - » Demonstration on an example – Live or canned
 - ❖ Success
 - » You successfully built something
 - » What you built works
 - » Demonstrate some benefit on at least 1 [contrived] application
-

Project Report

- ❖ 3-5 pages, 2 column, 10pt font, single space
 - » You can use the figures/graphs from your slides
 - » Report describes problem attacked, some related work, what you did, how it works, and your results
- ❖ Email pdf of report and demo slides to Yunjie, Ze, and I
- ❖ Deadline
 - » Preferably right after your Demo so we can look at it when it is fresh in our mind
 - » Final deadline: Dec 16, 5pm.
