9. **How can Nicole Hamilton improve this class? If possible, give specific examples. (Q980)**
 - ◊ Prof Hamilton is an excellent teacher, but I think she allows too many questions during class time, which is somewhat distracting for students who want to get through the material in a orderly and timely fashion. I think directing those students (since it's often just a few students who ask the majority of the questions) to office hours might be a better use of our collective time.
