One of my favorite classes I've taken here. I enjoy the projects, but making instagram three times is kind of boring.
interesting
A major strength of the class is the clarity of the material.
Content is great
Detailed setup tutorials
A large amount of practical work really helps gain hands–on experience in web development.
The instruction and the asynchronous lectures are really helpful.
The strong support for asychronous students

How can Nicole Hamilton improve this class? If possible, give specific examples. (Q980)

good enough
N/A
workload is too heavy
more detailed demo on how to start the project
Please give a little more guidance about projects: till now projects 1 and 2 seemed much more difficult than they should have been becuase there was excessive independent learning!

Please enter any additional comments you have for Nicole Hamilton. (Q981)
